

Making Waterman's Park Better

Background

As part of the Future Park's project, last summer we asked people what they liked and disliked about their park

This plan sets out what we are hoping to achieve in 2021 along with a series of workshops and activities.

Next Steps

- Make more detailed designs for fitness and renewed play spaces
- Look for funding to progress the Masterplan ideas for improved play and things like a circular route, a bridge over the river, a pumptrack wheel space, a food kiosk and terrace, among others.

To see the Masterplan and find out more go to:

parksfoundation.org.uk/pilot-parks

Improve the pavilion:

- Raise funds for a Waterman's mosaic
- Community art project to paint the park side
- Redecorate the inside

Longer areas of grass and new trees

Bring more wildlife interest into the park

- Community wildlife garden and pond.

Woodland extension area works

- Clear bramble and lift some tree branches to open views and improve bio-diversity
- Leave trees for climbing
- Add plants and bulbs for wildlife and by-pass screening

Plant more trees for shade

- Create shady seating areas
- Add sponsored benches

Screen edges

- Add native trees and shrubs to increase food for wildlife and blossom interest

Revitalise the entrance with:

- Set back fencing
- Sowing flower meadows
- Planting sensory shrubs
- Installing a climber arch
- Planting bulbs
- Growing sunflowers along the railings
- Planting spring bulbs

Planting for birds, bees & butterflies
