

Description: As part of the Pilot Parks project, we have created Greenfingers volunteer groups. These are weekly or fortnightly sessions where we meet up and carry out various park maintenance tasks.

Our focus is on nature conservation and community gardening. Much of what we do looks to have a positive impact on the park's wildlife and the local community's wellbeing. No prior knowledge is required, you will have the chance to learn and share knowledge with other likeminded people. If you enjoy being outdoors, meeting new people and manual work then Greenfingers is the place to be!

We're also looking for some 'Super Greenfingers Volunteers' who will help us lead sessions such as Nature Tots or our Park Life family activities. Full training will be provided, and you'll be working with one of our Parks Activators as they deliver these sessions but will be an extra pair of hands to on the day.

Location: Winton Recreation Ground, Alexandra Park (Branksome) & Watermans Park (Somerford, Christchurch).

Time commitments: 3-4 hours for a session which run weekly or fortnightly at each park.

What you will help with:

- Undertake general park maintenance
- Maintaining the community gardens
- Harvesting fruits & veggies
- Seeding wildflowers
- Planting trees,
- Clearing non-native shrubs
- Clearing paths
- Litter picking
- And much more!

If you are interested in the role and would like to find out more, please contact:
